

Coffee Vending Machine

- A machine that vends different kinds of coffee available.
- There are two users in this situation:
 - 1.Vending Machine Manager – the person who manages all vending machine works
 - 2.Vending Machine User – the person who uses to drink coffee
- Vending machine user can simply push the coins and select the coffee anytime using the machine.
- The quantity and all other status will be updated to the manager every time the vending machine user uses to get coffee.
- If there are any errors it will be rectified by the manager since he will be updated every time.
